No suggestion is too outrageous.

Come to our three evenings to discuss the
restructure and renewal of our church.

Come and help us plan out our specifications for the new
world-wide church family.

Pope Francis wants to know what we are all thinking: we
all need to listen to each other: That means Pope, Bishops
Priest, Deacon and Lay People. This also means those
who agree with him and who disagree with him all are
welcome to voice their opinions. Every view is important
and must be heard. We need to start thinking about the
renewal of our church and need ideas from people of
ages.
